

CBAC and Intercede Communication present

Church Communications

Challenge and Opportunity

Church communications is so much more than just a weekly sermon.

The world continues to change at a rapid pace. Church leaders are now expected to communicate change, leverage social media to reach out to their community, navigate crises, and potentially deal with difficult issues in the media.

Please join Steve Outhouse and Nancy Bishay of Intercede Communication in a special online training session offered exclusively for CBAC pastors and leaders.

Learn practical tools to help you effectively communicate change in your congregation.

Monday, May 8, 2017
6:00pm – 8:00pm

Login information will be provided to participants one hour before training begins.

Cost is FREE but the
number of participants is limited.

Reserve your space today at
