

Bell Mobility Special Offer for CBAC

Hardware discount code IAT198370

Overview:

- CBAC new plan and hardware information and offer from Bell Mobility to be reviewed in following pages.
- For all users billed to the same account, all data is pooled.
- All users working for a particular church and have their mobile phone expenses covered by the church should try to ensure they are all billed to one clean account addressed back to the church name.
- All users must be set up on pre-authorized payment to a credit card or bank account to take advantage of this offer to ensure payment so CBAC is protected as they have signed this new agreement for you.
- If you are already with Bell Mobility, these new plan rates and hardware upgrade prices will automatically be updated for you, you don't have to do a thing. If you are eligible and would like to upgrade you simply reach out to Nadine Barnett, your dedicated hardware specialist at (506) 851-9502.

With another carrier? No worries, we can port your number to Bell Mobility

- If you'd like to take advantage of this offer, but you are with another service provider, you can port your existing cellular phone number over to Bell and we will provide you with a credit on your first Bell invoice for \$300 to bring you smartphone over to Bell Mobility on one of the voice and data plans offered to CBAC. This bill credit is intended to help buy out any existing contracts on your hardware with your current provider and get you into a new phone with Bell. You can also unlock your existing device and simply get a Bell SIM card to place in it, and then when you do need an upgrade, you are still eligible as you brought your own hardware with you and haven't taken advantage of your Bell hardware discount yet. You'll automatically show eligible in 3 months.
- To inquire further about porting your line to Bell, please contact Nadine Barnett at (506) 851-9502 or nadine.barnett@audacitywireless.ca
