Each rental camp has its own independent Director for the week, but is not in authority over the lifeguard. However, the lifeguard is working in service to that Director and should work to accommodate the schedule that he/she has defined for their camp week. Any and all concerns the Lifeguard may have should be directed to the camp Manager or Personnel Director alone.

The campers visiting camp are the responsibility of the Lifeguard only at the pool. Any issues with campers should be reported to the Rental Camp Director. Campers should be treated in a professional way and personal relationships should not be pursued during their time at camp.

#### D. Salary:

The rate of pay for Camp Wegesegum Lifeguard is \$12.50 /hour, 40 hours/week plus room and board, for a duration of 10 weeks. The scheduling of those hours will depend on the nature and schedule of the rental camp for each week of the camp season, to be agreed upon by the Lifeguard and the Personnel Director. The hours of work may include weekend hours or evening hours, but not necessarily. Due to the fact that the lifeguard will be living at the Camp site for the season, he/she will be expected to be “on call” during unpaid hours, unless they have made special arrangements with the Personnel Director to leave the Camp Property.
