3GB of Sharable Data

911 emergency service fees charged as required by provincial government: SK 62¢/mo., NS 43¢/mo., PEI 70¢/mo., NB 53¢/mo. Bell remits required amount to government. As of December 1, 2009, a new municipal tax will apply in Quebec to help fund 911 emergency centres. Set at 40 cents per month by the Government of Quebec, this tax is collected by telephone service providers who remit the required amounts to Revenue Québec.

With another carrier? No worries, we can port your number to Bell Mobility

- If you'd like to take advantage of this offer, but you are with another service provider, you can **port your existing cellular phone number over to Bell and we will provide you with a credit on your first Bell invoice for \$300** to bring you smartphone over to Bell Mobility on one of the voice and data plans offered. This bill credit is intended to help buy out any existing contracts on your hardware with your current provider and get you into a new phone with Bell. You can also unlock you existing device and simply get a Bell SIM card to place in it, and then when you do need an upgrade, you are still eligible as you brought your own hardware with you and haven't taken advantage of your Bell hardware discount yet. You'll automatically show eligible in 3 months.
- **To inquire further about taking advantage of this offer or porting your line to Bell, from another provider, please contact Nadine Barnett at (506) 851-9502 or nadine.barnett@audacitywireless.ca**
