

THE Neighbourhood

The Neighbourhood November 2019

We know your ministry has been working hard since kicking off a new ministry season in September—we're cheering you on! You are making a difference in our neighbourhoods!

This email is just a quick rundown of what's happening across our family of ministries. God is at work in our neighbourhoods—and we're better and stronger when we participate together in doing ministry.

December Communion Offering

Join in a long-standing initiative. Thank you!

Each year we invite churches to forward their December communion offering to the Canadian Baptists of Atlantic Canada so we can support pastors, their families, and widows and widowers in need. Your church may allocate loose offering or a separate collection for this.

This has been the practice of many of our churches for several years—and we are SO grateful for that. In the past two years we sent 150 cheques to widows and pastors with serious financial needs.

If you are a CBAC church leader, would you consider allocating your communion offering to this initiative?

Rev. Dan Pyke

Help us welcome Rev. Dan Pyke to the CBAC Staff!

The Canadian Baptists of Atlantic Canada is excited to welcome Dan Pyke as our new Director of Youth & Family ministries! After the recommendation of the search committee and CBAC council, our churches voted to affirm his appointment, and he started work with us this week.

Windsor United Baptist Church has been in the news! In an incredible step of faith, the congregation has recently moved from their 121 year-old home to a newer building —recognizing that their ministry in their neighbourhood would be more effective by doing so.

As Rev. Rob Heffernan, Lead Pastor of Windsor United Baptist said, "One of the things that God seems to love to do is put His people on a journey. He does that all the time. For God, moving people from physical spaces, it helps to move them spiritually."

Their first Sunday in their new-to-them facility was the church's 200th anniversary service.
